Written for the marriage of my sister Marian and her husband Robert in 2005 - this piece was featured as they signed the register. It features lovely warm harmonies with a soprano obligato over the melody in the chorus.

By popular demand, there is now an extended version of this piece penned in 2017 at the request of Tiverton Town Band. This new version turns a short piece into a longer, more substantial piece, with a modulation and a 'middle eight' euphonium solo.
